Additionally, this year introduces separate awards for small businesses. **Small businesses** must submit two products each in groups 1-5 (if more products are submitted, the ones to be considered for this evaluation must be selected during registration!). The Small Business Award will be granted if a small business earns at least 7 gold medals in these five groups. employed in their business. A brief explanation of the business including the total number of employees is required to be filled out after submission (which will be sent to you via email).
